

IMPORTACO is a family company with **nearly 80 years of history** which has carried out its activity in the food, beverage and energy industries.
For three generations, our commitment to survival, work and excellence has enabled us to evolve and innovate while maintaining our founding spirit at the same time.

In the food industry, we have become the leaders in manufacturing, producing and distributing nuts, dried fruits, snacks and chocolate-coated products.
We contribute to **improving consumer health and nutrition** through innovation, ethical conduct and respect for the environment.
We ensure that the resources are used in a responsible and efficient way, in line with our environmental commitment, since Importaco is aware of the importance of **preserving our natural resources and not leaving an environmental footprint in our processes**.

IMPORTACO are present throughout the world by numerous work offices and production plants. At present, we have **10 specialized production centres**, guaranteeing the highest quality and the best taste:
